COMBINED RECERTIFICATION

Training duration: The recertification will be limited to a maximum of 8 hours of in-person training, spread over a period of two years. Therefore, if you have 3 Level 1 awards to recertify, you will need to complete at least 2 recertifications.

Instructors wishing to recertify those who have not taught and assessed two bronze levels or taught 60 hours of swimming lessons or taught two SFA training courses in the year preceding their requalification must participate in each of the requalification activities, i.e., swimming instructor (4 hours), lifeguard instructor (4 hours), and first aid instructor (4 hours).
