COMPLAINTS UNDER THE HARASSMENT AND MISCONDUCT POLICY

The Lifesaving Society's complaint process is divided into two sections. There are reports of situations of abuse, harassment, neglect, and violence, as well as complaints of an administrative nature, e.g. disputed results, program standards not being met.

For the first type of grievances, you will be redirected to a government platform. Offering impartial, confidential, accessible and effective recourse, the PILS (Protecteur de l'intégrité en loisir et en sport) helps create and maintain healthy, safe and respectful environments in all leisure and sports settings.

For administrative complaints, members of the Lifesaving Society team will ensure a follow-up. Depending on the nature of the complaint, information may be requested from the instructor, evaluator, affiliate member and, of course, the person making the complaint. Once all the information has been gathered, a follow-up can be made to the complainant.
